CITY CLERK
HONOLULU, HAWAII**Subject:** City Council Meeting Speaker Registration

I am a 9th grade student from Mililani High School and I support Bill 10 because I have strong beliefs about banning plastic bags in Honolulu county. Plastic bags are related to my classes' problem topic. Our topic is over reliance of oil. On top of over relying on oil for transportation and electricity, plastic bags are made out of oil also. It is not logical to use plastic bags because we do not use plastic bags for very long, until it ends up in the trash can, landfills or even as litter on the side of the road. It is bad enough that Hawaii has a big problem of over reliance on oil and having plastic bags increase the problem.
